

# SIGNE GERTZ JENSEN

CANDIDATE NOMINATED BY THE JOINT  
COMMITTEE OF GIRL GUIDES IN DENMARK  
UNDER 30

## BIOGRAPHY

Signe is a young female advocate for gender equity and mental health. As a committee member this past triennium she has been focused on the impact WAGGGS makes, not just on our members, but on the world as a whole, and she will continue to do so.

Signe has always built synergies and created connections in the movement and in her personal life. She has been a youth delegate to the UN and has helped create events as a young OB-PS supporter. A common thread of strong values motivates her.

Outside of WAGGGS Signe is a legal consultant for the Capital Region of Denmark, where she manages contracts, ensures data protection and the conscious use of AI in healthcare.

“I SEE ALL PARTS OF OUR REGION AS  
LEGO BRICKS, COLOURFUL, DIVERSE  
AND DURABLE. THE IMPACT WE CAN  
MAKE IS INDEFINITE, JUST LIKE A  
LEGO BUILD, WE SHOULD USE ALL  
THE BRICKS WE HAVE”

## THREE AREAS WHICH SIGNE WILL WORK TO ACHIEVE:

### STABILITY IN AN INSECURE REGION

- analyse the impact and sustainability of changes
- make data driven decisions
- include and inform MOs when the region's work impacts them

### BRAVE LEADERSHIP BASED IN TRUST

- build a region that is brave in its policy and advocacy efforts
- ensure that the vision and mission of WAGGGS is visible to MOs
- develop agile leadership of the region's volunteers with a focus on trust

### STRENGTH THROUGH SYNERGIES

- cooperate with WOSM with the need of our MOs as a priority
- break down silos and build collaborative bridges within our movement
- impact the society outside WAGGGS and strengthen gender equity
